# RESOURCE ADVISORY COMMITTEE FRESNO COUNTY January 13, 2010

## **AGENDA**

Meeting commenced at 6:00 pm at the High Sierra Ranger District office in Prather. RAC committee members in attendance: Allen Clyde, Barbara Ferguson, Patrick Emmert, Shane Krogen, Toby Horst, Patrick Kelly, Chris Oberti, Roger Welton, Loran Martin, Kirby Molen, Larry Wilder, Bea Olsen and Chuck Peck.

Forest Service representatives: Ray Porter, John Exline, Robbin Ekman, and Sue Exline.

#### CALL TO ORDER

#### **INTRODUCTIONS OF MEMBERS & PUBLIC**

#### PAST PROJECT REPORTS

- 1. Wilderness Program-High Sierra RD, Justin Robbins provided a quick overview of the accomplishments of the Wilderness Program funded by the RAC.
- 2. Central Valley Consortium-Jim Oftedal and Lily Nieves presented the accomplishments for the Generation Green Youth Project funded by the RAC.

# PROJECT PRESENTATIONS

Presenter	Organization/Agency	Project Proposal	RAC Funds Requested
Tracy	Sierra Unified School	Hands on the Land Summer	Funds Requested:
Rowland	District/BLM	Science Project-Project funds	\$84,400 (Tracy)
		will be used to put Sierra HS	Funds Requested:
Stephanie		kids to work on projects on the	\$55,000 (Stephanie)
		Sierra NF and SCE lands.	_
		Additional funds were also	This will likely change
		requested to cover the salary of	as Tracy and
		the coordinator for Sierra	Stephanie are revising
		Unified.	their proposal.
Wendy Garton	Buck Rock Foundation	Fire Lookout Restoration	Funds Requested:
Jeff Hannel		Project	\$13,550
		Funds would be used to pay per	
		diem and travel for volunteers	
		along with materials and	
		supplies to do restoration on	
		three lookouts located in the	
		Sierra and Sequoia NF.	
Lily Nieves	Central California	Generation Green Youth	Funds Requested:
Jim Oftedal	Consortium	Project	\$37,559
		Funds would be used to put	
		youth to work on the Sierra and	
		Sequoia NF.	

Presenter	Organization/Agency	Project Proposal	RAC Funds Requested
Justin Robbins	Sierra NF	Wilderness Rangers	Funds Requested:
		Funds would be used to hire	\$47,000
		three wilderness rangers to	. ,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,
		work in the John Muir	
		Wilderness	
Ted Fisher	Backcountry Horseman	SRCD/BCHC Backcountry	Funds Requested:
		Work Projects	\$14,000
		Funds would be us for	. ,
		recognizance trips, two eight	
		day work parties in the Edison	
		Lake and Crown Valley areas	
		and trash collection pack trips to	
		areas in the Sierra NF.	
Mark Cave	Local OHV Clubs	Funds would be used to	Funds requested:
		improve unimproved campsites	\$20,000
		in the Sierra National Forest	•

### **Questions regarding the proposals:**

Hands on the Land Summer Science Project-Alan Clyde asked that Tracy Rowland remove the Dinkey Pack Station project from her proposal. Tracy will resubmit the project proposal removing the project. Barbara Ferguson had a question about the funding request for the project? Tracy said that the project funds could be reduced which would mean fewer kids in the program. Sierra Unified is also requested funding from the RAC for the program coordination and to pay the salary of an employee to provide environmental education programs. A question was asked if Sierra Unified had any other funding for the Coordinator position. They stated that their stated BLM grant had expired and that they did not have an additional funding source. They are looking at other funding sources such as the Sierra Nevada Conservancy. Stephanie and Tracy are going to work together to revise the Project Proposal and budget and get a copy to RAC members.

**Fire Lookout Restoration Project-**The question was asked, where are the other contributing funds coming from? The additional funds come from donations from the Buck Rock Foundation.

**Generation Green Youth Project-**Question was asked if there are Southeast Asians on the crew? The answer was yes.

**Wilderness Ranger Project**-Question was asked, are the Ranger positions seasonal or permanent? The employees are seasonal not permanent employees. Will any of the employees be available from last year? Yes.

**Backcountry Horseman Project-**Where is Maxson Basin? Maxson Basin is above Maxon Lake. Question was asked about monitoring and the \$2,500 in the budget? The \$2,500 is to pay for Forest Service employees to monitor the project. The questions was asked, are the monitoring funds needed if the RAC funds the Wilderness Rangers proposal? Need clarification from Mike Ketscher. Question was asked about the \$80,000 contribution shown on the budget. It is the time contributed by the volunteers.

**Improve Unimproved Campsites-** The question was asked, on the budget worksheet, Item L, what is the \$5,000 for? The \$5,000 covers money for volunteers' food, gas, etc.

**Next meeting:** Wednesday, January 27, 2010, 6pm Clovis.

Meeting adjourned at 8:15 pm.
